CAPITAL STOCK

Section 1. Authorization. The aggregate number of shares of stock which the Corporation shall have authority to issue is one billion two hundred thirty-five million (1,235,000,000) shares, of which one billion (1,000,000,000) shares shall be shares of a class of common stock designated as "Applera Corporation--Applied Biosystems Group Common Stock," having a par value of \$0.01 per share (the "Applied Biosystems Stock"), two hundred twenty-five million (225,000,000) shares shall be shares of a class of common stock designated as "Applera Corporation--Celera Genomics Group Common Stock," having a par value of \$0.01 per share (the "Celera Genomics Stock"), and ten million (10,000,000) shares shall be shares of a class of preferred stock having a par value of \$0.01 per share (the "Preferred Stock") and issuable in one or more series as hereinafter provided. The Applied Biosystems Stock and the Celera Genomics Stock shall hereinafter collectively be called "Common Stock" and either shall sometimes be called a class of Common Stock. For purposes of this Article IV, references to the

"Board of Directors" shall refer to the Board of Directors of the Corporation, as established in accordance with Article V of the certificate of incorporation of the Corporation, and references to "the Certificate of Incorporation" shall refer to this Restated Certificate of Incorporation as the same may be amended from time to time. Certain capitalized terms used in this Article IV, shall have the meanings set forth in Section 2.6 of this Article. For purposes of this Article IV, the Applied Biosystems Stock, when issued, shall be considered issued in respect of the Applied Biosystems Group and the Celera Genomics Stock, when issued, shall be considered issued in respect of the Celera Genomics Group. The number of authorized shares of any class or classes of capital stock of the Corporation may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the voting power of the stock of the Corporation entitled to vote generally in the election of directors.

Section 2. Common Stock. The voting powers, preferences and relative, participating, optional or other special rights of the Common Stock, and the qualifications and restrictions thereon, shall be as follows in this Section 2.

Section 2.1 Dividends. Subject to any preferences and relative, participating, optional or other special rights of any outstanding class or series of preferred stock of the Corporation and any qualifications or restrictions on either class of Common Stock created thereby, dividends may be declared and paid upon either class of Common Stock, upon the terms with respect to each such class, and subject to the limitations provided for below in this Section 2.1, as the Board of Directors may determine.

(a) *Dividends on Applied Biosystems Stock.* Dividends on Applied Biosystems Stock may be declared and paid only out of the lesser of (i) the funds of the Corporation legally available therefor and (ii) the Applied Biosystems Group Available Dividend Amount.

(b) *Dividends on Celera Genomics Stock.* Dividends on Celera Genomics Stock may be declared and paid only out of the lesser of (i) the funds of the Corporation legally available therefor and (ii) the Celera Genomics Group Available Dividend Amount.

(c) *Discrimination in Dividends Between Classes of Common Stock.* The Board of Directors, subject to the provisions of Sections 2.1(a) and 2.1(b), may at any time declare and pay dividends exclusively on Applied Biosystems Stock, exclusively on Celera Genomics Stock, or on both such classes, in equal or unequal amounts, notwithstanding the relative amounts of the Available Dividend Amount with respect to either Group, the amount of dividends previously declared on either class, the respective voting or liquidation rights of either class or any other factor.

(d) *Shares Distributions.* Except as permitted by Sections 2.4(a) and 2.4(b), the Board of Directors may declare and pay dividends or distributions of shares of Applied Biosystems Stock or Celera Genomics Stock (or Convertible Securities convertible into or exchangeable or exercisable for shares of Applied Biosystems Stock or Celera Genomics Stock) on shares of a class of Common Stock or shares of a class or series of preferred stock of the Corporation only as follows:

(i) dividends or distributions of shares of Applied Biosystems Stock (or Convertible Securities convertible into or exchangeable or exercisable for shares of Applied Biosystems Stock) on shares of Applied Biosystems Stock or shares of preferred stock attributed to the Applied Biosystems Group;

(ii) dividends or distributions of shares of Celera Genomics Stock (or Convertible Securities convertible into or exchangeable or exercisable for shares of Celera Genomics Stock) on shares of Celera Genomics Stock or shares of preferred stock attributed to the Celera Genomics Group; and

(iii) dividends or distributions of shares of Celera Genomics Stock (or Convertible Securities convertible into or exchangeable or exercisable for shares of Celera Genomics Stock) on shares of Applied Biosystems Stock or shares of preferred stock attributed to the Applied Biosystems Group, but only if the sum of (1) the number of shares of Celera Genomics Stock to be so issued (or the number of such shares which would be issuable upon conversion, exchange or exercise of any Convertible Securities to be so issued) and (2) the number of shares of Celera Genomics Stock which are issuable upon conversion, exchange or exercise of any Convertible Securities then outstanding that are attributed to the Applied Biosystems Group is less than or equal to the Number of Celera Genomics Designated Shares.

Section 2.2 Voting Rights. (a) General. Except as otherwise provided by law, by the terms of any outstanding class or series of preferred stock of the Corporation or by any provision of the Certificate of Incorporation restricting the power to vote on a specified matter to other stockholders, the entire voting power of the stockholders of the Corporation shall be vested in the holders of the Common Stock, who shall be entitled to vote on any matter on which the holders of stock of the Corporation shall, by law or by the provisions of the Certificate of Incorporation or By-laws of the Corporation, be entitled to vote, and both classes of Common Stock shall vote thereon together as a single class.

(b) *Number of Votes for each Class of Common Stock.* On each matter to be voted on by the holders of both classes of Common Stock voting together as a single class, the number of votes per share of each class shall be as follows:

(i) each outstanding share of Applied Biosystems Stock shall have one vote; and

(ii) each outstanding share of Celera Genomics Stock shall have a number of votes (including a fraction of one vote) equal to the quotient (rounded to the nearest three decimal places) of the average Market Value of one share of Celera Genomics Stock during the 20-Trading Day Period ending on the tenth Trading Day prior to the record date for determining the stockholders entitled to vote, divided by the average Market Value of a share of Applied Biosystems Stock during such 20-Trading Day period.

Notwithstanding the foregoing, if shares of only one class of Common Stock are outstanding on the record date for determining the holders of Common Stock entitled to vote on any matter, then each share of that class shall be entitled to one vote and, if either class of Common Stock is entitled to vote as a separate class with respect to any matter, each share of that class shall, for purpose of such vote, be entitled to one vote on such matter.

In addition to any provision of law or any provision of the Certificate of Incorporation entitling the holders of outstanding shares of Applied Biosystems Stock or Celera Genomics Stock to vote as a separate class, the Board of Directors may condition the approval of any matter submitted to stockholders on receipt of a separate vote of the holders of outstanding shares of Applied Biosystems Stock or Celera Genomics Stock.

Section 2.3 Liquidation Rights. In the event of any voluntary or involuntary dissolution, liquidation or winding up of the Corporation, after payment or provision for payment of the debts and other liabilities of the Corporation and the full preferential amounts (including any accumulated and unpaid dividends) to which the holders of any outstanding shares of preferred stock of the Corporation are entitled (regardless of the Group to which such shares of preferred stock were attributed), the holders of the Applied Biosystems Stock and Celera Genomics Stock shall be entitled to receive the assets, if any, of the Corporation remaining for distribution to holders of Common Stock on a per share basis in proportion to the respective liquidation units per share of such class. Each share of Applied Biosystems Stock shall have one liquidation unit and each share of Celera Genomics Stock shall have a number of liquidation units (including a fraction of one liquidation unit) equal to the quotient (rounded to the nearest five decimal places) of the average Market Value of one share of Celera Genomics Stock during the 20-Trading Day period ending on the 40th Trading Day after the effective date of this certificate of incorporation, divided by the average Market Value of one share of Applied Biosystems Stock during such 20-Trading Day period. Neither the merger nor consolidation of the Corporation into or with any other corporation, nor a sale, transfer or lease of all or any part of the assets of the Corporation, shall, alone, be deemed a liquidation or winding up of the Corporation or cause the dissolution of the Corporation, for purposes of this Section 2.3.

If the Corporation shall in any manner subdivide (by stock split, reclassification or otherwise) or combine (by reverse stock split, reclassification or otherwise) the outstanding shares of Applied Biosystems Stock or Celera Genomics Stock, or declare a dividend in shares of either class to holders of such class, the per share liquidation units of either class of Common Stock specified in the preceding paragraph of this Section 2.3, as adjusted from time to time, shall be appropriately adjusted as determined by the Board of Directors, so as to avoid dilution in the aggregate, relative liquidation rights of the shares of any class of Common Stock.

Section 2.4 Conversion or Redemption of the Common Stock. Applied Biosystems Stock is subject to conversion or redemption and Celera Genomics Stock is subject to conversion or redemption, in each case, upon the terms provided below in this Section 2.4; provided, however, that neither class of Common Stock may be converted or redeemed if the other class of Common Stock has been converted or redeemed in its entirety or notice thereof shall have been given as required by this Section 2.4.

(a) Mandatory and Optional Conversion and Redemption of Applied Biosystems Stock Other Than for Applied Biosystems Subsidiary Stock. (i) In the event of the Disposition, in one transaction or a series of related transactions, by the Corporation and/or its subsidiaries of all or substantially all of the properties and assets attributed to the Applied Biosystems Group to one or more persons or entities (other than the Disposition (w) by the Corporation of all or substantially all of its properties and assets in one transaction or a series of related transactions in connection with the dissolution, liquidation or winding up of the Corporation and the distribution of assets to stockholders as referred to in Section 2.3, (x) of the properties and assets attributed to the Applied Biosystems Group as contemplated by Section 2.4(c) or otherwise to all holders of shares of Applied Biosystems Stock divided among such holders on a pro rata basis in accordance with the number of shares of Applied Biosystems Stock outstanding, (y) to any person or entity controlled (as determined by the Board of Directors) by the Corporation or (z) in connection with a Related Business Transaction in respect of the Applied Biosystems Group), the Corporation shall, on or prior to the 95th Trading Day after the date of consummation of such Disposition (the "Disposition Date"), pay a dividend on Applied Biosystems Stock or redeem some or all of Applied Biosystems Stock or convert Applied Biosystems Stock into Celera Genomics Stock (or another class or series of common stock of the Corporation), all as provided by the following

Sections 2.4(a)(i)(1) and 2.4(a)(i)(2) and, to the extent applicable, by Section 2.4(f), as the Board of Directors shall have selected among such alternatives:

(1) provided that there are funds of the Corporation legally available therefor:

(A) pay to the holders of the shares of Applied Biosystems Stock a dividend pro rata in accordance with the number of shares of Applied Biosystems Stock held by each such holder, as the Board of Directors shall have declared subject to compliance with Section 2, in cash and/or in securities (other than a dividend of shares of a class of Common Stock) or other property having a Fair Value as of the Disposition Date in the aggregate equal to the Fair Value as of the Disposition Date of the Net Proceeds of such Disposition; or

(B) (I) subject to the last sentence of this Section 2.4(a)(i), if such Disposition involves all (not merely substantially all) of the properties and assets attributed to the Applied Biosystems Group, redeem or exchange as of the Redemption Date determined as provided by Section 2.4(f)(iii), all outstanding shares of Applied Biosystems Stock in exchange for, on a pro rata basis, cash and/or for securities (other than shares of a class of Common Stock) or other property having a Fair Value as of the Disposition Date in the aggregate equal to the Fair Value as of the Disposition Date of the Net Proceeds of such Disposition; or

(II) subject to the last sentence of this Section 2.4(a)(i), if such Disposition involves substantially all (but not all) of the properties and assets attributed to the Applied Biosystems Group, redeem or exchange as of the Redemption Date determined as provided by Section 2.4(f)(iv) such number of whole shares of Applied Biosystems Stock (which may be all, but not more than all, of such shares outstanding) as have in the aggregate an average Market Value during the period of ten consecutive Trading Days beginning on the 26th Trading Day immediately succeeding the Disposition Date closest to the Fair Value as of the Disposition Date of the Net Proceeds of such Disposition in consideration for, on a pro rata basis, cash and/or securities (other than shares of a class of Common Stock) or other property having a Fair Value as of the Disposition Date in the aggregate equal to such Fair Value of the Net Proceeds; or

(2) declare that each outstanding share of Applied Biosystems Stock shall be converted as of the Conversion Date determined as provided by Section 2.4(f)(v) into a number of fully paid and nonassessable shares of Celera Genomics Stock (or, if Celera Genomics Stock is not Publicly Traded at such time and shares of another class or series of common stock of the Corporation (other than Applied Biosystems Stock) are then Publicly Traded, of such other class or series of the common stock of the Corporation as has the largest Market Capitalization as of the close of business on the Trading Day immediately preceding the date of the notice of such conversion required by Section 2.4(f)(v)) equal to 110% of the ratio, expressed as a decimal fraction rounded to the nearest five decimal places, of the average Market Value of one share of Applied Biosystems Stock over the period of ten consecutive Trading Days beginning on the 26th Trading Day immediately succeeding the Disposition Date to the average Market Value of one share of Celera Genomics Stock (or such other class or series of common stock) over the same ten Trading Day period.

Notwithstanding the foregoing provisions of this Section 2.4(a)(i), the Corporation shall redeem shares of a class of Common Stock as provided by Section 2.4(a)(i)(1)(B)(I) or (II) only if the

amount to be paid in redemption of such stock is less than or equal to the Applied Biosystems Group Available Dividend Amount as of the Redemption Date.

(ii) For purposes of this Section 2.4(a): (1) as of any date, "substantially all of the properties and assets" attributed to the Applied Biosystems Group shall mean a portion of such properties and assets (A) that represents at least 80% of the Fair Value of the properties and assets attributed to the Applied Biosystems Group as of such date or (B) from which were derived at least 80% of the aggregate revenues for the immediately preceding twelve fiscal quarterly periods of the Corporation (calculated on a pro forma basis to include revenues derived from any of such properties and assets acquired during such period) derived from the properties and assets attributed to the Applied Biosystems Group as of such date; (2) in the case of a Disposition of the properties and assets attributed to the Applied Biosystems Group in a series of related transactions, such Disposition shall not be deemed to have been consummated until the consummation of the last of such transactions; and (3) the Board of Directors may pay any dividend or redemption price referred to in Section 2.4(a)(i) in cash, securities (other than shares of a class of Common Stock) or other property, regardless of the form or nature of the proceeds of the Disposition.

(iii) The Board of Directors may at any time declare that each outstanding share of Applied Biosystems Stock shall be converted, as of the Conversion Date provided by Section 2.4(f)(v), into a number of fully paid and nonassessable shares of Celera Genomics Stock (or, if Celera Genomics Stock is not Publicly Traded at such time and shares of any other class or series of common stock of the Corporation (other than Applied Biosystems Stock) are then Publicly Traded, of such other class or series of common stock of the Corporation as has the largest Market Capitalization as of the close of business on the fifth Trading Day immediately preceding the date of the notice of conversion required by Section 2.4(f)(v)) equal to 110% of the Market Value Ratio of Applied Biosystems Stock to Celera Genomics Stock as of the fifth Trading Day prior to the date of the notice of such conversion required by Section 2.4(f)(v); provided that, if a Tax Event has occurred, such number of fully paid and nonassessable shares shall equal 100% of such ratio.

the Disposition referred to in such Section, cause notice to be given to the holders of shares of the class of Common Stock relating to the Group subject to such Disposition and to each holder of Convertible Securities that are convertible into or exchangeable or exercisable for shares of such class of Common Stock (unless alternate provision for such notice to the holders of such Convertible Securities is made pursuant to the terms of such Convertible Securities), setting forth (1) the record date for determining holders entitled to receive such dividend, which shall be not earlier than the tenth Trading Day and not later than the 20th Trading Day following the date of such notice, (2) the anticipated payment date of such dividend (which shall not be more than 95 Trading Days following the consummation of such Disposition), (3) the type of property to be paid as such dividend in respect of the outstanding shares of such class of Common Stock, (4) the Net Proceeds of such Disposition, (5) the number of outstanding shares of such class of Common Stock and the number of shares of such class of Common Stock into or for which outstanding Convertible Securities are then convertible, exchangeable or exercisable and the conversion, exchange or exercise price thereof and (6) in the case of notice to be given to holders of Convertible Securities, a statement to the effect that a holder of such Convertible Securities shall be entitled to receive such dividend only if such holder properly converts, exchanges or exercises such Convertible Securities on or prior to the record date referred to in clause (1) of this sentence. Such notice shall be sent by first-class mail, postage prepaid, to each such holder at such holder's address as the same appears on the transfer books of the Corporation on the record date fixed for such notice.

(iii) If the Corporation determines to undertake a redemption pursuant to Section 2.4(a)(i)(1)(B)(I) (in the case of Applied Biosystems Stock) or Section 2.4(b)(i)(1)(B)(I) (in the case of Celera Genomics Stock), the Corporation shall, not earlier than the 45th Trading Day and not later than the 35th Trading Day prior to the Redemption Date, cause notice to be given to the holders of shares of the class of Common Stock relating to the Group subject to the Disposition referred to in such Section and to each holder of Convertible Securities convertible into or exchangeable or exercisable for shares of such class of Common Stock (unless alternate provision for such notice to the holders of such Convertible Securities is made pursuant to the terms of such Convertible Securities), setting forth (1) a statement that all shares of such class of Common Stock outstanding on the Redemption Date shall be redeemed, (2) the Redemption Date (which shall not be more than 95 Trading Days following the consummation of such Disposition), (3) the type of property in which the redemption price for the shares of such class of Common Stock to be redeemed is to be paid, (4) the Net Proceeds of such Disposition, (5) the place or places where certificates for shares of such class of Common Stock, properly endorsed or assigned for transfer (unless the Corporation waives such requirement), are to be surrendered for delivery of cash and/or securities or other property, (6) the number of outstanding shares of such class of Common Stock and the number of shares of such class of Common Stock into or for which outstanding Convertible Securities are then convertible, exchangeable or exercisable and the conversion, exchange or exercise price thereof, (7) in the case of notice to be given to holders of Convertible Securities, a statement to the effect that a holder of such Convertible Securities shall be entitled to participate in such redemption only if such holder properly converts, exchanges or exercises such Convertible Securities on or prior to the Redemption Date referred to in clause (2) of this sentence and a statement as to what, if anything, such holder will be entitled to receive pursuant to the terms of such Convertible Securities or, if applicable, this Section 2.4 if such holder thereafter converts, exchanges or exercises such Convertible Securities and (8) a statement to the effect that, except as otherwise provided by Section 2.4(f)(ix), dividends on shares of such class of Common Stock shall cease to be paid as of such Redemption Date. Such notice shall be sent by first-class mail, postage prepaid, to each such holder at such holder's address as the same appears on the transfer books of the Corporation on the record date fixed for such notice.

(iv) If the Corporation determines to undertake a redemption pursuant to Section 2.4(a)(i)(1)(B)(II) (in the case of Applied Biosystems Stock) or Section 2.4(b)(i)(1)(B)(II) (in the case of Celera Genomics Stock), the Corporation shall, not later than the 40th Trading Day following the consummation of the Disposition referred to in such Section, cause notice to be given to the holders of shares of the class of Common Stock relating to the Group subject to such Disposition and to each holder of Convertible Securities that are convertible into or exchangeable or exercisable for shares of such class of Common Stock (unless alternate provision for such notice to the holders of such Convertible Securities is made pursuant to the terms of such Convertible Securities) setting forth (1) a date not earlier than the tenth Trading Day and not later than the 20th Trading Day following the date of such notice on which shares of such class of Common Stock shall be selected for redemption, (2) the anticipated Redemption Date (which shall not be more than 95 Trading Days following the consummation of such Disposition), (3) the type of property in which the redemption price for the shares to be redeemed is to be paid, (4) the Net Proceeds of such Disposition, (5) the number of shares of such class of Common Stock outstanding and the number of shares of such class of Common Stock into or for which outstanding Convertible Securities are then convertible, exchangeable or exercisable and the conversion, exchange or exercise price thereof, (6) in the case of notice to be given to holders of Convertible Securities, a statement to the effect that a holder of such Convertible Securities shall be eligible to participate in such selection for redemption only if such holder properly converts, exchanges or exercises such Convertible Securities on or prior to the record date referred to in clause (1) of this sentence, and a statement as to what, if anything, such holder will be entitled to receive pursuant to the terms of such Convertible Securities or, if applicable, this Section 2.4 if such holder thereafter converts, exchanges or exercises such Convertible Securities and (7) a statement that the Corporation will not be required to register a transfer of any shares of such class of Common Stock for a period of 15 Trading Days next preceding the date referred to in clause (1) of this sentence. Promptly following the date referred to in clause (1) of the preceding sentence, the Corporation shall cause a notice to be given to each holder of record of shares of such class of Common Stock to be redeemed setting forth (1) the number of shares of such class of Common Stock held by such holder to be redeemed, (2) a statement that such shares of such class of Common Stock shall be redeemed, (3) the Redemption Date, (4) the kind and per share amount of cash and/or securities or other property to be received by such holder with respect to each share of such class of Common Stock to be redeemed, including details as to the calculation thereof, (5) the place or places where certificates for shares of such class of Common Stock, properly endorsed or assigned for transfer (unless the Corporation shall waive such requirement), are to be surrendered for delivery of such cash and/or securities or other property, (6) if applicable, a statement to the effect that the shares being redeemed may no longer be transferred on the transfer books of the Corporation after the Redemption Date and (7) a statement to the effect that, subject to Section 2.4(f)(ix), dividends on such shares of such class of Common Stock shall cease to be paid as of the Redemption Date. Such notices shall be sent by first-class mail, postage prepaid, to each such holder at such holder's address as the same appears on the transfer books of the Corporation on the record date fixed for such notice.

(v) If the Corporation determines to convert Applied Biosystems Stock into Celera Genomics Stock or Celera Genomics Stock into Applied Biosystems Stock (or, in either case, another class or series of common stock of the Corporation) pursuant to Section 2.4(a)(i)(2) or 2.4(a)(iii) (in the case of the conversion of Applied Biosystems Stock) or Section 2.4(b)(i)(2) or 2.4(b)(iii) (in the case of the conversion of Celera Genomics Stock), the Corporation shall, not earlier than the 45th Trading Day and not later than the 35th Trading Day prior to the Conversion Date cause notice to be given to the holders of shares of the class of Common Stock to be so converted and to each holder of Convertible Securities that are convertible into or exchangeable or exercisable for shares of such class of Common Stock (unless alternate provision for such

notice to the holders of such Convertible Securities is made pursuant to the terms of such Convertible Securities) setting forth (1) a statement that all outstanding shares of such class of Common Stock shall be converted, (2) the Conversion Date (which, in the case of a conversion after a Disposition, shall not be more than 95 Trading Days following the consummation of such Disposition), (3) the per share number of shares of Common Stock (or another class or series of common stock of the Corporation) to be received with respect to each share of such class of Common Stock, including details as to the calculation thereof, (4) the place or places where certificates for shares of such class of Common Stock, properly endorsed or assigned for transfer (unless the Corporation shall waive such requirement), are to be surrendered for delivery of certificates for shares of such class of Common Stock, (5) the number of outstanding shares of such class of Common Stock and the number of shares of such class of Common Stock into or for which outstanding Convertible Securities are then convertible, exchangeable or exercisable and the conversion, exchange or exercise price thereof, (6) a statement to the effect that, subject to Section 2.4(f)(ix), dividends on shares of such class of Common Stock shall cease to be paid as of such Conversion Date and (7) in the case of notice to holders of such Convertible Securities, a statement to the effect that a holder of such Convertible Securities shall be entitled to receive shares of such class of Common Stock upon such conversion if such holder properly converts, exchanges or exercises such Convertible Securities on or prior to such Conversion Date and a statement as to what, if anything, such holder will be entitled to receive pursuant to the terms of such Convertible Securities or, if applicable, this Section 2.4 if such holder thereafter converts, exchanges or exercises such Convertible Securities. Such notice shall be sent by first-class mail, postage prepaid, to each such holder at such holder's address as the same appears on the transfer books of the Corporation on the record date fixed for such notice.

(vi) If the Corporation determines to redeem shares of Applied Biosystems Stock pursuant to Section 2.4(e) or Celera Genomics Stock pursuant to Section 2.4(d), the Corporation shall cause notice to be given to each holder of shares of such class of Common Stock to be redeemed and to the holders of Convertible Securities that are convertible into or exchangeable or exercisable for shares of such class of Common Stock (unless alternate provision for such notice to the holders of such Convertible Securities is made pursuant to the terms of such Convertible Securities), setting forth (1) a statement that all shares of such class of Common Stock outstanding on the Redemption Date shall be redeemed in exchange for shares of common stock of each Applied Biosystems Subsidiary or Celera Genomics Subsidiary, as applicable, (2) the Redemption Date, (3) the place or places where certificates for shares of the class of Common Stock to be redeemed, properly endorsed or assigned for transfer (unless the Corporation shall waive such requirement), are to be surrendered for delivery of certificates for shares of common stock of each Applied Biosystems Subsidiary or Celera Genomics Subsidiary, as applicable, (4) a statement to the effect that, subject to Section 2.4(f)(ix), dividends on shares of such class of Common Stock being redeemed shall cease to be paid as of such Redemption Date, (5) the number of shares of such class of Common Stock outstanding and the number of shares of such class of Common Stock into or for which outstanding Convertible Securities are then convertible, exchangeable or exercisable and the conversion, exchange or exercise price thereof and (6) in the case of notice to holders of Convertible Securities, a statement to the effect that a holder of Convertible Securities shall be entitled to receive shares of common stock of each Applied Biosystems Subsidiary or Celera Genomics Subsidiary, as applicable, upon redemption only if such holder properly converts, exchanges or exercises such Convertible Securities on or prior to the Redemption Date and a statement as to what, if anything, such holder will be entitled to receive pursuant to the terms of such Convertible Securities or, if applicable, this Section 2.4(f), if such holder thereafter converts, exchanges or exercises such Convertible Securities. Such notice shall be sent by first-class mail, postage prepaid, not less than 35 Trading Days nor more than 45

Trading Days prior to the Redemption Date to each such holder at such holder's address as the same appears on the transfer books of the Corporation on the record date fixed for such notice.

(vii) If less than all of the outstanding shares of either class of Common Stock are to be redeemed pursuant to Section 2.4(a)(i)(1) (in the case of Applied Biosystems Stock) or Section 2.4(b)(i)(1) (in the case of Celera Genomics Stock), the shares to be redeemed by the Corporation shall be selected from among the holders of shares of such class of Common Stock outstanding at the close of business on the record date for such redemption on a pro rata basis among all such holders or by lot or by such other method as may be determined by the Board of Directors to be equitable.

(viii) The Corporation shall not be required to issue or deliver fractional shares of any capital stock or of any other securities to any holder of either class of Common Stock upon any conversion, redemption, dividend or other distribution pursuant to this Section 2.4. If more than one share of either class of Common Stock shall be held at the same time by the same holder, the Corporation may aggregate the number of shares of any capital stock that shall be issuable or any other securities or property that shall be distributable to such holder upon any conversion, redemption, dividend or other distribution (including any fractional shares). If fractional shares of any capital stock or of any other securities would be required to be issued or distributed to the holders of either class of Common Stock, the Corporation shall, if such fractional shares are not issued or distributed to the holder, pay cash in respect of such fractional shares in an amount equal to the Fair Value thereof (without interest).

(ix) No adjustments in respect of dividends shall be made upon the conversion or redemption of any shares of either class of Common Stock; provided, however, that if the Conversion Date or Redemption Date, as the case may be, with respect to any shares of either class of Common Stock shall be subsequent to the record date for the payment of a dividend or other distribution thereon or with respect thereto, the holders of such class of Common Stock at the close of business on such record date shall be entitled to receive the dividend or other distribution payable on or with respect to such shares on the date set for payment of such dividend or other distribution, in each case without interest, notwithstanding the subsequent conversion or redemption of such shares.

(x) Before any holder of shares of either class of Common Stock shall be entitled to receive any cash payment and/or certificates or instruments representing shares of any capital stock and/or other securities or property to be distributed to such holder with respect to such class of Common Stock pursuant to this Section 2.4, such holder shall surrender at such place as the Corporation shall specify certificates for such shares of Common Stock, properly endorsed or assigned for transfer (unless the Corporation shall waive such requirement). The Corporation shall as soon as practicable after receipt of certificates representing such shares of Common Stock deliver to the person for whose account such shares of Common Stock were so surrendered, or to such person's nominee or nominees, the cash and/or the certificates or instruments representing the number of whole shares of the kind of capital stock and/or other securities or property to which such person shall be entitled as aforesaid, together with any payment in respect of fractional shares contemplated by Section 2.4(f)(viii), in each case without interest. If less than all of the shares of either class of Common Stock represented by any one certificate are to be redeemed, the Corporation shall issue and deliver a new certificate for the shares of such class of Common Stock not redeemed.

(xi) From and after any applicable Conversion Date or Redemption Date, as the case may be, all rights of a holder of shares of either class of Common Stock that were converted or

redeemed shall cease except for the right, upon surrender of the certificates representing such shares of Common Stock as required by Section 2.4(f)(x), to receive the cash and/or the certificates or instruments representing shares of the kind and amount of capital stock and/or other securities or property for which such shares were converted or redeemed, together with any payment in respect of fractional shares contemplated by Section 2.4(f)(viii) (which shall be held by the Corporation for the holder of such shares of Common Stock that were redeemed until the receipt of certificates representing such shares of Common Stock as provided in Section 2.4(f)(x)) and rights to dividends as provided in Section 2.4(f)(ix), in each case without interest. No holder of a certificate that immediately prior to the applicable Conversion Date or Redemption Date represented shares of a class of Common Stock shall be entitled to receive any dividend or other distribution or interest payment with respect to shares of any kind of capital stock or other security or instrument for which such class of Common Stock was converted or redeemed until the surrender as required by this Section 2.4 of such certificate in exchange for a certificate or certificates or instrument or instruments representing such capital stock or other security. Subject to applicable escheat and similar laws, upon such surrender, there shall be paid to the holder the amount of any dividends or other distributions (without interest) which theretofore became payable on any class or series of capital stock of the Corporation as of a record date after the Conversion Date or Redemption Date, but that were not paid by reason of the foregoing, with respect to the number of whole shares of the kind of capital stock represented by the certificate or certificates issued upon such surrender. From and after a Conversion Date or Redemption Date, the Corporation shall, however, be entitled to treat the certificates for a class of Common Stock that have not yet been surrendered for conversion or redemption as evidencing the ownership of the number of whole shares of the kind or kinds of capital stock of the Corporation for which the shares of such class of Common Stock represented by such certificates shall have been converted or redeemed, notwithstanding the failure to surrender such certificates.

(xii) The Corporation shall pay any and all documentary, stamp or similar issue or transfer taxes that may be payable in respect of the issuance or delivery of any shares of capital stock and/or other securities upon conversion or redemption of shares of either class of Common Stock pursuant to this Section 2.4. The Corporation shall not, however, be required to pay any tax that may be payable in respect of any transfer involved in the issuance or delivery of any shares of capital stock and/or other securities in a name other than that in which the shares of such class of Common Stock so converted or redeemed were registered, and no such issuance or delivery shall be made unless and until the person requesting such issuance or delivery has paid to the Corporation the amount of any such tax or has established to the satisfaction of the Corporation that such tax has been paid.

(xiii) Neither the failure to mail any notice required by this Section 2.4 to any particular holder of a class of Common Stock or of Convertible Securities nor any defect therein shall affect the sufficiency thereof with respect to any other holder of outstanding shares of a class of Common Stock or of Convertible Securities or the validity of any such conversion or redemption.

(xiv) The Board of Directors may establish such rules and requirements to facilitate the effectuation of the transactions contemplated by this Section 2.4 as the Board of Directors shall determine to be appropriate.

Section 2.5 Application of the Provisions of Article IV. (a) Certain Determinations by the Board of Directors. The Board of Directors shall make such determinations with respect to the businesses, assets, properties and liabilities to be attributed to the Groups, the application of the provisions of the Certificate of Incorporation to transactions to be engaged in by the Corporation and the voting powers, preferences and relative, participating, optional and other

special rights of the holders of either class of Common Stock, and the qualifications and restrictions thereon, provided by the Certificate of Incorporation as may be or become necessary or appropriate to the exercise of such powers, preferences and relative, participating, optional and other special rights, including, without limiting the foregoing, the determinations referred to in this Section 2.5. A record of any such determination shall be filed with the records of the actions of the Board of Directors.
